Duty of Disclosure

Before you enter into a contract of general insurance with us, you have a duty at common law to disclose to us every matter you know, or could reasonably be expected to know that a prudent insurer would want to take into account in deciding whether to insure you and, if so, on what terms. This applies to all persons to be covered under this contract of insurance.

You have the same duty to disclose those matters to us before you renew, extend, vary or reinstate a contract of general insurance.

Your duty however, does not require disclosure of a matter:

- that diminishes the risk to be insured;
- that is of common knowledge;
- that we know or in the ordinary course of our business we ought to know;
- that we state to you that we do not want to know.

Non-disclosure or misrepresentation

If you make a material misrepresentation to us, or if you do not comply with your duty of disclosure, we may treat your policy as if it never existed.

False statement and Fraudulent acts

Your policy is based on the information supplied to us by you or on your behalf.

All statements made by you or on your behalf on the proposal and/or questionnaire, in support of this policy, on any claim form or in support of any claim must be true and correct.

If you take any action or make any statement in connection with this policy or any claim made under it, which is fraudulent in any way or which is supported by untrue or incorrect information, we are entitled to avoid this policy and all benefits under it will be forfeited.

Information about this insurance

The Policy

Commercial vehicle owners need little convincing of the need for motor insurance but often overlook the need to arrange similar insurance protection for the goods carried in their vehicles.

Goods in Transit (Own Vehicles) Insurance provides protection in a simple and inexpensive policy. It is particularly suited to small businesses and farmers with one or more vehicles used to collect or deliver goods. The policy covers goods carried in any vehicle operated by the insured and is not restricted to nominated vehicles. The annual premium per vehicle is based on types of goods carried and the sum insured required. There is no need to record and declare annually the value of goods carried.

The policy is not suitable for professional carriers for whom a separate range of policies is available

Where the same specific items, such as tools of trade or mechanical equipment, are being carried regularly and can be individually listed and valued a Specified Items in Transit insurance policy may be more suitable, in which case please complete the Specified Items in Transit proposal form. Your insurance intermediary can advise you on the policy suitable for your needs.

Important

The information contained in this proposal is an outline of the cover provided. Full details of the cover with all limitations, exclusions and conditions are contained in the policy. The terms and conditions offered to you may vary from the information on cover given in this proposal form.

Insured events

This policy is designed to cover the main transit risks at an affordable premium. Theft is included but cover is restricted when a vehicle is left unattended.

The actual insured events are:

- loss of or damage to goods
- death (or slaughter for humane reasons following injury) of livestock

caused by:

- fire, explosion, lightning or flood

- collision of the vehicle carrying the goods or livestock with any external object
- collision of the goods while on the vehicle carrying them with something not on or part of that vehicle
- overturning or jackknifing of the vehicle
- theft while the vehicle is attended
- theft while the vehicle is unattended only if theft follows
 - (i) forcible entry into a locked vehicle or carrying compartment
 - (ii) theft of the locked vehicle itself
 - (iii) any other insured event.

Other benefits at no extra cost

- debris removal up to \$5,000
- no disposal of branded goods without your consent.

Principal risks excluded

- delay, loss of market or consequential loss of any description
- mechanical or electrical breakdown or malfunction of goods where no external evidence exists of damage from an insured event.

Sum insured

To recover the full amount of any loss it is essential to select a sum insured to cover the highest value of goods which may be in each vehicle. If goods are insured for half their value then only half the premium may be charged but only half the claim will be paid.

Settling your claim

When a claim is payable, we will promptly pay:

- the invoice value (or market value if there is no invoice) of lost or destroyed goods, or
- the reasonable cost of repairing damaged goods or of reinstating or replacing goods, subject to the adequacy of the sum insured and any excess that applies.

We will also pay any costs incurred in preventing or minimising an insured loss or to protect rights against a third party.
